www.newmeridiantech.net

First, let us say that we appreciate the opportunity to resolve your IT issues for the past 16 years....it has **truly been our pleasure**.

As you may have heard we will be closing New Meridian Technologies on **6/30/18**.

We have compiled a list of possible providers for your consideration. Sadly, we have no direct experience in an IT capacity regarding any of these companies or the services they may or may not provide and therefore we can make no recommendations. We do however recommend that you research any provider you chose to do business with (all providers are sorted in alphabetical listing only). This information was gathered by doing a Google search and is based solely on that search. We recommend utilizing personal recommendations from friends/family, reading reviews and checking with the Better Business Bureau (BBB) before selecting a provider.

Again, it has been our pleasure and we appreciate your trust in us for the past 16 years
